KIESLER WHOLESale

Kiesler Wholesale is the DEALER'S SOURCE that can expand your firearms, accessories, and ammunition business and take sales to another level.

As one of the country's largest LE/Military distributors, Kiesler Police Supply's Wholesale division can assist you with expanding sales to your local law enforcement departments and officers. Whether you're trying to make a sale to your local department or selling a few items to an individual officer, Kiesler Wholesale is your primary source for your law enforcement needs.

Since 1972, Kiesler Police Supply has provided quality products and service for law enforcement professionals, FFL dealers, active/retired military personnel, and first responders. Our reputation is based on our relationships with loyal customers who rely on Kiesler as their source for a wide array of law enforcement equipment, ammunition, firearms, duty gear, trade-ins, and more. Kiesler Police Supply has worked with numerous agencies across the country from the federal to the local county level, and no order is either too big or too small. Let Kiesler provide you with a higher caliber of service and see why thousands of agencies and FFL dealers have chosen to do business with us.

DEALER TO AGENCY SALE NOTICE: Have an agency looking for a few cases of ammo? Looking for a way to provide additional service to your local law enforcement department? For dealers in our territory, we can drop-ship Federal, Speer, Remington, CCI, or Blazer Brass, straight from the factory to the department. We will provide you with FET-out pricing that will help you not only take care of their needs, but also provide an additional service to your customers.

In addition to ammunition, Kiesler Wholesale offers a variety of Law Enforcement products that are restricted to agency sale. Ask one of our reps for details!

PLEASE NOTE: All shipments must ship directly to the agency/department; dealer shipment on these orders is prohibited. Required P.O. on agency/department letterhead and assigned FET-exemption form must be completed and submitted before the order can be placed. All dealer-to-agency ammunition sales are required to be pre-paid when the orders are placed.

LET KIESLER ARM YOU WITH CONFIDENCE

Serving those who protect and serve since 1972, Kiesler Police Supply is the largest LE distributor for Federal, Speer, Remington, and CCI ammunition in the U.S. Kiesler warehouses an extensive inventory of in-stock ammunition, enabling us to offer unbeatable selection, pricing, and turnaround. If we don't have it in stock, we can source almost anything you need. Please note that lead times may vary on ammo not currently in stock.

USED GUNS AND ACCESSORIES

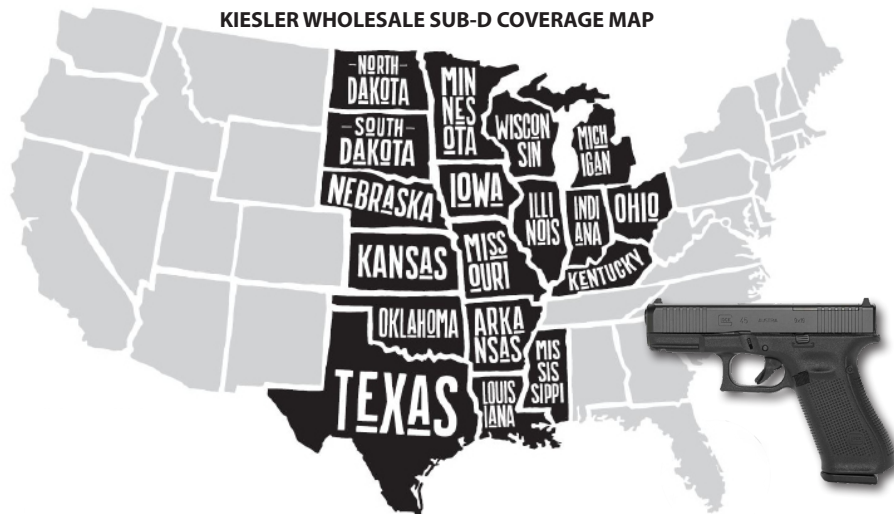

From our continued work with large law enforcement departments and other organizations, Kiesler maintains a large inventory of pre-owned weapons and accessories. The condition of these weapons varies from non-issued surplus, from new in-box to well-used but each gun is an opportunity for profit.

Proud to offer these brands and **MANY** more
